

Lydia Du

During a time when newspapers and magazines kept saying that, “Canada is the best place to live in this world,” I went through the immigration process and came to Canada in the year 2000.

With a professional designation of M. Eng., I have worked in a variety of employment opportunities including laboratory engineer, Technical

Support, Business Manager, Senior Sales Engineer, Office Manager and Business Representative.

In my spare time, I like to read, write, practice yoga, swim and attend classes.
